

Brush up your skills and improve your farm productivity by completing nationally accredited units of study. Any successfully completed units may be credit transferred towards a full qualification in the future – so it's a great way to kick start a qualification!

Choose from the suggested units below or talk to us about a customised unit package. Select between 1 and 5 units (e.g. Soils 2 units + Cropping 3 units = 5 units) by placing a tick alongside your chosen units.

1.	<input type="checkbox"/> Soils (2 units) – AHCSOL406 Sample soils and interpret results, AHCSOL505 - Monitor and manage soils for production
2.	<input type="checkbox"/> Farm Planning (1 unit) – AHCAGB513 - Develop a farm plan
3.	<input type="checkbox"/> Livestock (3 units) – AHCLSK510 Develop production plans for livestock, AHCLSK504 Develop livestock health and welfare strategies, AHCLSK509 Develop and implement a breeding strategy
4.	<input type="checkbox"/> Cropping (3 units) – AHCBC509 - Plan and manage long-term weed, pest and disease control in crops, AHCBC512 Develop production plans for crops, AHCBC513 Apply plant biology to agronomic practices
5.	<input type="checkbox"/> Risk Management (2 units) – AHCBUS610 - Manage agribusiness risk, AHCAGB518 - Develop climate risk management strategies
6.	<input type="checkbox"/> Succession Planning (1 unit) – AHCAGB607 - Manage succession planning
7.	<input type="checkbox"/> Workplace Health and Safety (1 unit) – AHCWHS401 Maintain work health and safety processes
