

AT MURESK
INSTITUTE

AHC50116 Diploma of Agriculture

AHC51419 Diploma of Agribusiness Management

Build your farm production and management skills while gaining a nationally recognised qualification!

Our diploma courses combine study, industry engagement and practical experiences for a hands on qualification that reflects current industry practices with graduates of these courses being sought after for management roles across the agricultural sector.

Choose the delivery mode to suit you.

On-campus program:

- Delivered on-campus at Muresk Institute - full time (4 days per week) over 12 months.
- Includes a broad range of practical skill development and industry engagement activities.
- Students undertake work experience during the May/June semester break - which can be completed on a family farm or with another suitable employer.

Flexible blended program:

- Flexible online study - up to two years to complete your qualification.
- Industry engagement and enrichment activities up to 3 days a month face to face at Muresk Institute.
- Experienced trainers who will guide and support your progression through the online learning resources.
- It is expected that students are working on farm or in an agriculture related field to undertake this study option and will have access to a farm on which to base assessment tasks.

Find your future in Agriculture
